MUSIC

Jennifer has released 2 CDs and is currently working on a 3rd. The first is a 14 track CD *Dynamic Divas*. This CD gives its listeners a wonderful introduction to an extraordinary singer. Her power and versatility follows perfectly in the footsteps of the wide range of vocalists she covers and allows her voice and emotion center stage. In addition to the two Barbra Streisand classics, she pays homage to Whitney Houston with "I Will Always Love You" and "One Moment in Time"; Karen Carpenter with "Close To You" and "Masquerade"; Celine Dion with "My Heart Will Go On" and "The Power of Love"; and Adele with "Skyfall" and "Set Fire To the Rain." It's interesting to note that Jennifer only began tapping into the

genius of Dolly Parton after listening to her audio book. In light of that, the inclusion of the Dolly classics "Little Sparrow" and "Here You Come Again" is extra fascinating. Perhaps the nicest surprises are the great Vikki Carr songs that were also a later discovery and not the songs people usually think of when they think of Divas. For those who see Jennifer's show, this recording is the ultimate souvenir. For new listeners, it's an open door to an emerging new talent.

The 2nd CD in the series is *Let There Be Light*. This 15 track CD is a beautiful tribute to all of Jennifer's Christmas Memories. It started as a gift to family members because it encompassed some of their favorites. However, with the extreme success of her Holiday Extravaganza Concert where she performs many of the songs, the need arose to release this album. It is an amazing example of love, versatility, memories with a message. Songs include a very unique version of "Jingle Bells", "Ave Maria", "All I Want for Christmas is You", "Blue Christmas" and a song that is not as well known but brings an amazing message to the listener "I Believe". This CD is a delight to listen to year round to stay in that Holiday Spirit. For those who see Jennifer's show, this recording is the ultimate souvenir. For new listeners, it's an open door to an emerging new talent.

FROM THE BEGINNING

The development of Jennifer's unique style is the result of a lifetime of musical influence. Growing up in a talented musical family meant that Jennifer, a native of Bartow, Florida, was always surrounded by different forms of music. Both parents had musical and performance backgrounds, along with an extensive list of both immediate family and relatives with impressive professional careers in the entertainment industry, which helped expose her to a wealth of music as a child and impacted her development as a vocalist and performer.

REVIEW

“Considering Jennifer “Golden Note” Gilmore’s incredible success performing in so many different styles and in so many unique settings these past years, clearly we’re only getting a tiny glimpse of what she can do on this project. But what a glimpse – and what an earful of amazing vocals that honors each song and artist with deep respect but also take the listener on many powerful new journeys. Jennifer’s marvelous voice is a revelation – and it’s clear she’s fast becoming a “Dynamic Diva” (minus the attitude, of course!) herself. It’s exciting to imagine where that voice will take her in the coming years!” – **Jonathan Widran, Music Journalist**
